

Barber Spa

Traditional Shave \$35.00 Time: 30 min.

A facial massage with **Pre-Shave Oil** protects and relaxes the skin and softens the beard. A hot towel opens the pores and warm **Shaving Cream** is applied. The face is shaved with a traditional **Straight Razor**, using a disposable blade. The face is then re-lathered and shaved again, lightly, to complete the perfect shave. The barber gently applies an **Alum Block**, which serves as an antiseptic and closes the pores. A cold towel infused with antiseptic lavender essential oil is then applied. **After-Shave Balm** or **Gel** calms the skin and replenishes its natural moisture.

Royal Shave® \$55.00 Time: 45 min.

The Art of Shaving's most popular service begins with a hot towel. The face is then massaged with **Pre-Shave Oil** to protect the skin and soften the beard. Next, warm **Shaving Cream** is applied and the face is then shaved twice, once with the grain, and then re-lathered and shaved across the grain for the perfect shave. **Alum Block** is applied for antiseptic and pore-closing purposes. The face is then wrapped in a hot towel while the barber prepares with fresh ingredients the **After-Shave Mask®** seconds before it is applied on the customer's face. The **After-Shave Mask®** rejuvenates and purifies the skin and replenishes nutrients lost during the shaving process. Once the mask has dried, it is removed with natural sea sponges soaked in lemon essential oil. Finally, **Hydrosol Rose Water** is applied and the face massaged lightly with **After-Shave Balm** to replenish natural moisture.

Aromatherapy Skin Treatment \$45.00 Time: 30 min.

An exclusive aromatherapy treatment designed for men, to clarify & rejuvenate the skin while enhancing its texture and suppleness. The treatment begins with a hot towel to open pores. Next, our **Facial Wash** is generously applied to cleanse, balance and refresh the skin. The face is rinsed with sea sponges and warm water to prepare for exfoliation. Our **Facial Scrub** is massaged into the face in a circular motion to deep cleanse and refine the skin's texture and prevent and/or heal ingrown hairs. The face is then wrapped in a hot towel while the barber prepares with fresh ingredients the **After-Shave Mask®** seconds before it is applied on the customer's face. The **After-Shave Mask®** rejuvenates and purifies the skin and replenishes nutrients and minerals. Once the mask has dried, it is removed with natural sea sponges soaked in lemon essential oil. A cold towel infused with refreshing lavender essential oil is applied. Finally, our **Moisturizer** with calendula and orange essential oil is applied to nourish and hydrate the skin while minimizing the appearance of fine lines. Finished with our **Eye Gel** and **Lip Balm**, your skin is healed, refreshed and completely invigorated.
